

"THE NONPAREIL"

CORRUGATED GUMMED STUB FILE.

Patented Oct. 27, 1876.

Dec. 5, 1876.

Nov. 29, 1881.

All difficulty in filing due to curled stubs, so common in other makes of files, is absolutely overcome by our Patented Process of Corrugation which prevents the stubs from curling, insures their remaining flat at all times and permits of ready access to each individual stub. The advantage of this feature will be appreciated by any one who may have attempted to use a file where the stubs were so curled as to make it almost impossible to separate one from the other.

DIRECTIONS FOR FILING

Moisten the Gummed Stub, but put a strip of oiled paper underneath, to prevent the previous filing from soaking; put your document in accurate position, then withdraw the oiled paper and proceed filing; and when finished, close the covers in order to give the last attachment time to dry under a slight pressure.

Stock Sizes, in 250 and 500 Stubs (Gummed): 6x9, 7x11, 8½x9, 9x11, 10x12, 9x13, 9x15, 11x15, 12½x17½. Other sizes made to order at short notice. Ungummed Files made to order only.

WIGHT

Letter to the Hon. Sec. of the Navy

3 October 1891

My dear Sir: I have the honor to acknowledge the receipt of your letter of the 29th inst.

in relation to the proposed purchase of the schooner "Albatross" for the service of the Navy.

I am sorry to hear that the vessel is no longer available.

I have, however, no objection to the purchase of the schooner "Albatross" for the service of the Navy.

I am, Sir, very respectfully, your obedient servant,

Wm. A. Rorer, Sec. of the Navy

Washington, D. C.
